DESCRIPTION

Alfamarine 78 is the epitome of the high performance open style motor yacht that is so popular in the Mediterranean and is offered fully crewed for charter in Greece and Greek islands. This futuristic looking vessel is powered by twin 1,800 hp Caterpillar diesels coupled to Arneson surface drives that give her a heady top speed. Alfamarine 78 provides plenty of fun while at anchor, with her large teak water sports platform and two huge sun pads. There is absolutely no competition for this yacht and fastest charter yacht in the Greek Market looking stunning when cruising at 44 knots ! Professional crew of 3/4 and accommodation of 8-10 guests in 4 very individual staterooms. The panoramic living room below is perfectly air conditioned and has large windows and is separated from the cockpit by a sliding steel door. The hydraulically operated stern door gives access to the spacious garage which can house a tender of 3.50 m. and an aqua scooter. The kitchen has a crew entrance and the sleeping area is completely separated from the service areas in order to guarantee maximum privacy for guests. Comfort and quiet reign undisputedly, the decor in cherry wood and bleached oak give a touch of refined elegance to all areas.
