FEATURES

Lenght	23.83 m
Beam	5.66 m
Built (refit)	2011

ACCOMMODATIONS

Number cabins	4
Number bathrooms	3
Guests	8

DESCRIPTION

The princess V78 is particularly studied in order to offer spaces and arrangements unequalled by other yachts of the same dimensions. The expansive saloon with the forward dining area, the large opening roof, the sliding glass door and electric drop window which can be opened to transform the saloon and the enormous and enjoyable cockpit into one magnificent entertaining space. The stylish lower accommodations with the exclusive full-beam master suite, the vip suite on the bow and the two further cabins, provide top quality of life on board blend of comfort and the best that cruising can offer. The yacht is fully equipped, at the top level; among other things, she is also provided with satellite dish, stern platform submersible, under water lights. In 2012, 2013 and 2017 many important refits have made the yacht perfect for the high level charter activity. The most important: the creation of a third bunk in the crew cabin with extension in the garage zone. The remaking of the galley with a divisional bulkhead and an expansion of the equipment; the transformation of the 4th cabin in a multipurpose cabin; the installation of a second generator, a desalinator, a big freezer and other equipment.
