DESCRIPTION

Launched in early 2016, 'Jacozami' is available for charter with us in the Western Mediterranean this summer. The Sunseeker 131 Yacht is the latest design of 40 metre yachts from Sunseeker, with a legacy spanning back over five years. With five elegantly styled cabins, sleeping ten guests, this is the perfect charter yacht for larger parties seeking the very latest in sleek, modern cruising. The cabins onboard are beautifully finished and all feature the latest in onboard entertainment systems, as well as the very finest ensuite bathrooms. The owner's stateroom is full beam, and is overwhelming in its size and grandeur. It has a luxurious king size bed and a walk in "his and hers" ensuite bathroom. With a further two double cabins, as well as two convertible twins,

the sleeping areas of this yacht make it a truly versatile charter vessel. The two lounges on 'Jacozami' are social by their nature, but very different in their design. On the main deck, a large seating area is set around a coffee table with full height expanses of glazing surrounding, giving uninterrupted views out to sea. A large formal dining area is situated just forward of here, with seating for up to ten guests. The feel of the sky lounge is far more relaxed, with an oversized L-shaped sofa, congregating around the large flat screen TV. The outdoor areas onboard are a delight and offer plenty of room for relaxing or socialising. Sizable dining areas exist on both the main and bridge deck aft, while the foredeck and sundeck give way to large sunpads, with a wet bar and Jacuzzi situated up top. With classic Sunseeker style and one of the best crews in the Mediterranean, we're expecting a busy season onboard 'Jacozami' this summer!
