DESCRIPTION

LEONARD 72 OPEN

High class and a strong sports nature come together in the Leonard72 Open, the first express boat of the Leonard shipyards. Despite its "bad" look, it can fit into any context of high prestige. The Leonard72 Open is an all-black boat, extremely aggressive, very powerful, but with a higher level of class that allows it to fit into any refined and elegant context. The powerful 3100hp engines with Arneson surface propellers and the clean lines of the exterior design correspond to minimalist interior environments, characterized by chromatic contrasts between wood, leather, and mosaic tiles. The sophistication of elegance in every area, including the owner's bathroom, which on this boat is a real "cabin" located at the bow's peak, is impressive. The layout of the living area dedicated to the owner is also original.
