## DESCRIPTION

Pandion is an elegant 37M Heesen built yacht known for its speed and seaworthy capabilities while not compromising on the comfort on board. Pandion was originally commissioned for the Sultan of Brunei and was the fastest superyacht in the world upon its delivery, exceeding the world speed record of 53.7 knots at the time. This incredible performance is provided by twin MTU 3,500hp 16V396TB94 diesels, each driving KaMeWa type 63S11 steerable waterjet, and a further MTh 2,560hp 12V396TB94 diesel positioned on the centerline powering a directionally fixed KaMeWa type 40B waterjet used as a booster to achieve the maximum speed.

The profile and streamlined superstructure of this yacht hint strongly towards its speed potential. Tacos' impressive communal spaces include the main saloon, finished in beautiful American walnut, with U-shaped seating, a large television, full entertainment system and a bar. Perfect for dinner parties or more formal gatherings, a beautiful glass dining table and seating for 10 is located forward of the main saloon. Just as suited to gatherings and entertaining is the upper deck which is tailored to al fresco living, with a dining table, sun pads and sun loungers, perfect for whiling away hours in the sun, enjoying a sunset meal or simply relaxing with a book. A second large outdoor space is the flybridge, with Bimini top, which is home to a bar and more spaces to relax in. Forward on the main deck are several sunpads, which are a popular spot for relaxing in the sun and enjoying the sweeping views. Your crew can bring you a signature Tacos cocktail and aperitifs to enjoy after a busy day on the water. Cruising at 18 knots and reaching maximum speeds of 23 knots, ensuring fast and comfortable travel between destinations, Tacos Of The Seas is perfect for making the most of a packed charter itinerary. Her host of toys and tenders will make every charter even more unforgettable, with plenty of different water toys to enjoy.
